HO5001 SERIES

- Boar Bristle Hair
- Smoky Nickel Plated Brass Ferrule
- Long Matt Black Birchwood Handle with Golden Tip

Design Idea:

- **Advance of Boar Bristle:**

Feature of Boar Bristle:

Boar Bristle is easy to paint oil paint color on canvas because of his special oil.

New Product, New opportunity:

Boar Bristle Brush more in wide flat brush, cleaning brush, but less in art brush.

Extra Large Size:

Extra large size is suited to paint oil paint color on Large canvas.

HS5002 SERIES

- Synthetic Hog Bristle Hair
- Pearl Sliver Brass Ferrule
- Long Matt Black Birchwood Handle with Sliver Tip

Different Hair Length:

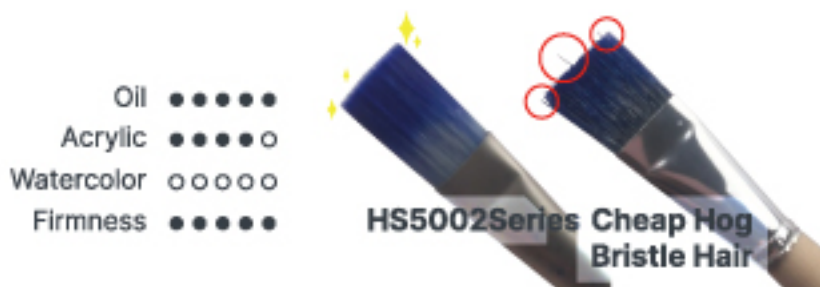

○ Shape

Design Idea:

- **No Loose Hair:**
Hog bristle hair has a fatal flaw: Hair brittle and breaks. But synthetic hair won't. Enjoy your clear canvas.
- **Special Synthetic Hair:**
Synthetic hair edge is neat and uniform. Hair tip no uneven.

RC5012 SERIES

- Racoon Bristle
- Golden Brass Ferrule
- Long Pearl Black Birch Wood Handle

Size: 2#, 4#, 6#, 8#, 10#, 12#

Design Idea:

○ Push the Paint:

They're a little bit stiffer than Titaniums, so it pushes the paint a little bit more than absorbing it.

○ Soft the Edge:

Soft racoon hair could bring very fine and smooth feeling of oil paintings.

Keep Shape

Synthetic mongoose hair can be used long time and the hair still keep shape. You also can see the color effect is even and smooth.

Angular Tips

Design Patent

No. 6976678

Can Synthetic Mongoose Hair instead the animal mongoose hair?

To protect animals and ecology, we use synthetic alternatives, which have become increasingly effective in mimicking the delicate shape and texture of natural hair.

What is **Water
Transfer Printing?**

Water transfer printing, also known as immersion printing, water transfer imaging, hydro dipping, or HydroGraphics, is a method of applying printed designs to three-dimensional surfaces.

The resulting combinations may be considered decorative art or applied art. The hydrographic process can be used on metal, plastic, glass, hard woods, and various other materials.

Ox Hair Brush

Black Ox hair

Brown Ox Hair

Since Black varieties of ox hair are longer, they are more commonly used in long length hair brushes. The Brown Ox hairs are shorter and are usually used in short length hair brushes.

Resilience (Keep Shape Ability)

The Ox hair brush is considered an ideal paintbrush because of its good resilience. It is a good choice for art beginners or artists considering the performance of the brush as well as the reasonable price.

Detail Brush

Because the tip of the Ox hair is a little circular arc.

Ox hair Brush makes it ideal for drawing detailed parts, such as leaves, branches, lines, textures, etc.

Tropical Mink Fur Brush

Tropical mink fur is soft, flexible and silky.

Tropical mink fur is suitable for painting on canvas, wood, ceramic, paper and other smooth surfaces. This brush can produce a rich sense of layer and fine texture during the painting process, especially suitable for the expression of animal fur and other details.
